Dear Residents of Island Heights,

I am sending this email to enlighten our residents on the correct information on how much a water/sewer bill will increase with the adoption of Ordinance 2015-03.

For the last two quarters of 2015 your flat water meter rate will increase by \$46 multiplied by two (2) quarters equals \$92 for the remainder of 2015.

The flat sewer rate will increase by \$5 multiplied by two (2) quarters equals \$10 for the remainder of 2015.

The surcharge will be increased by \$15 multiplied by two (2) quarters equals \$30 for the remainder of 2015.

Therefore the total increase for the remainder of 2015 equals \$132.00.

Moving forward into 2016 the flat water meter rate will decrease by \$23 per quarter.

The quarterly surcharge will remain at \$89.00.

The flat sewer rate will remain \$105.00 per quarter.

If you need further clarification please feel free to call or email me. We will have handouts available at the Borough Offices and at the next Council Meeting scheduled for June 23rd, 2015.

Thank you all for your understanding.
